LA GIOIA

FINE ITALIAN CUISINE

We're proud to feature wines that honour both tradition and sustainability, made with respect for the land, the vine, and the glass.

SUSTAINABLE: Wines made with environmentally conscious practices, focusing on water conservation, renewable energy, and biodiversity.

ORGANIC: Crafted from grapes grown without synthetic chemicals or GMOs, using natural methods to support a healthy vineyard ecosystem.

BIODYNAMIC: A holistic farming approach that follows lunar cycles and treats the vineyard as a living system, enhancing soil vitality and balance, in addition to organic farming practice.

VEGAN: Made without animal-derived fining agents, ensuring the wine is 100% plant-based.

SKIN CONTACT: Grapes ferment with their skins, giving the wine texture, colour, and a more complex flavour profile.
